4. (Internal Use Only - LLM) Bill Hogan, House Armed Services Committee staff, called in connection with the paper submitted to him yesterday on committee jurisdiction and reviewed with me some additional material he would like to insert dealing with predecessor organizations.

STAT 5. (Internal Use Only - LLM) During the day, spoke with Paul Walsh and [] DDI, and [] OGC, on the call by Dick Moose, Staff Consultant, Subcommittee on U. S. Security Agreements and Commitments Abroad, Senate Foreign Relations Committee, that Sam Adams had been invited to brief the Subcommittee on 18 May at 2:30 in open session. STAT

6. (Internal Use Only - LLM) Called Ray Jacobson, Director of Bureau of Policies and Standards, Civil Service Commission, to get a run-down on what transpired yesterday before Waldie's Subcommittee on Ervin-type legislation. During the testimony of Tony Mondello, General Counsel, and Robert Drummond, Director of Bureau of Personnel Investigations, there was a certain amount of Subcommittee hostility when the areas of personal characteristics and behavior of employees or applicants were touched upon. There may be a resumption of the hearing to give the Commission a chance to respond to "intemperate" remarks by Clark Mollenhoff questioning the value of any investigative process. The Commission's use of the Internal Security Committee's files also came under attack. In response to my question, Jacobson said the Commission probably will initiate a report to Senator Ervin on his bill, S. 1688.

STAT 7. (Internal Use Only - JGO) Met with Jack Blum, Multinational Corporations Subcommittee staff, Senate Foreign Relations Committee, and received from him his copy of his itinerary for the Far East starting 23 May. [] EA Division, has been advised.

8. (Internal Use Only - JGO) Delivered to William Hogan, House Armed Services Committee staff, a copy of General Walters' statement and other items for Committee use in the Director's appearance before the Committee this morning. I also gave Hogan a copy of an unclassified study entitled "House Armed Services Committee Jurisdiction Over CIA" which he had requested earlier from Lawrence Houston, OGC.

ADMINISTRATIVE INTERNAL USE ONLY

CONFIDENTIAL

25X1 9. [] Received a call from []
General Counsel, NSA, which was relayed to Lawrence Houston, OGC,
concerning certain sensitive documents under review in the General
Counsel's office at Department of Defense.

STAT

25X1 10. [] Met with Chairman Nedzi, Intelligence
Subcommittee, House Armed Services Committee, and briefed him on the
meeting with Senator Symington arranged by DOD representatives to
review certain sensitive documents now in the possession of the Ervin
Committee of the Senate. With regard to this morning's briefing,
Chairman Nedzi told me that he felt that the overall presentations by the
Agency witnesses were "very creditable statements." He noted that he
only has one substantive question for Mr. Helms and that he really expects
that Mr. Helms' appearance tomorrow will be able to satisfy that question.
He told me that the Committee had conferred with the McClellan Committee
during the hearings this morning and had advised the Senate group that he
would release General Walters' affidavit to put a stop to the erroneous
press reports that have been circulating. He said he released General
Walters' affidavit immediately after the hearing.

25X1 11. [] Met with Representative William Bray
(R., Ind.) who told me that he had been forced to leave the morning hearing
due to a very compelling engagement and expressed his apologies for not
having been there for the entire session. I briefed him on events after
his departure. He feels that the Agency domestic activities have become
a most important area for review by the Committee as soon as Chairman
Nedzi can schedule it. His present feeling is that at least limited
legislation may be required for the Agency's benefit in this area.

25X1 12. [] Talked to Guy McConnell, Senate
Appropriations Committee staff, who told me that the UPI report of
alleged statements by Chairman McClellan after this morning's session
with Mr. Helms was grossly in error. He told me that the Chairman was
then in process of finalizing a Committee press release. He told me that
in his opinion this morning's session with Mr. Helms had gone very well.
He noted that the Chairman is a most careful and thorough investigator
and is developing a fairly detailed record in this matter. In his opinion
Mr. Helms acquitted himself very well before the Committee.
